2015.april.03

Ukens Utvalgte:

'The greatest crime mystery of all' at Easter's Good Friday is a main UU topic every year. However, this time, the mysteries of the past are revealed to set the focus on challenges for the coming century. In order to do so, a new Game called 'Osiris' is introduced. The spoiler is, that this archetypical 4<sup>th</sup> degree Will Game is not of true Belief, but of KoC (King of the Castle), where the father Osiris is scarified to crown Isis' new son Horus. However, 4000 years ago, the Game turn out to be chaotic never-ending rivalries of CdE (Coup d' Etat) and GoT (Game of Temples). The Charlie event of Paris 7/1 is a simple indication of the quasi-religious never-ending warfare.

There are mixed feelings and attitudes in breaking these ancient truths. It is like telling the truth about Santa Clause before Xmas. No offence, - this is not about spoiling good ritual traditions, but telling mentally Adults in time to take adult responsibility. Like Christian adults know that Xmas is a mix of several beliefs, - it is time to realize that the second part of the ritual, Easter, is just as mixed up. Both are influenced by astrological clockwise phases, by human rivalries and by Belief in Superior-Devine deities. Nevertheless, as St. Clause is a myth, Horus is too (UU 2015.mars.06). However, the two previous shifts of Ages turned out to be 4<sup>th</sup> degree Games of warfare and might elevate to 5<sup>th</sup> degree in next century's Age shift. Social Adult ego-states, not Superior-Ego/Child, is required to handle those unavoidable rivalries. Psychosocial Game analysis based on realities are necessary to minimize negative effects of the inevitable next Age. It might even be turned to Good Games. The following will reveal several unorthodox views on biblical history. Then it will be put in context of 3^3 Games. The conclusions will come in the final UU in this Charlie Theme.

The European Christian culture started with the reset of years to zero and by adjusting the calendar months to the zodiac 12-system. As mentioned in UU 2015.feb.13: "There are some astonishing astronomical measures and maps the pyramid-people made at both continents (Africa and America). The Egyptians pointed out that the Sun seems to turn on 21/12 and rise again on 24/12. The Egyptians figured that before each Era/Age (2150 years) the three stars in the Orion's belt, and Sirius, points to the Sun's 'resurrection' in a new star constellation. Before Moses' Age, there were the Taurus (ox), the Aries (ram) for Abraham/Moses, the Phishes for Jesus and there will be an Aquarius (waterman) about the year 2150 AD." However, the year for the Age shift is uncertain because of the long time of an Age, the uneven sizes of the constellations and the unclear borders between them. The year 2150 AD is the best estimation, but numbers between 2062 and 2680 are proposed. The tool used in Greco/Egyptian astronomy is the zodiac cross. The Earth passes 12 signs/constellations in a year; there are four seasons and 12 moon phases. Astrologers personified the constellations with properties of nature, humans and gods. Sun is the center, as an additional symbol. The Sun's resurrection through all the zodiac astrological signs take about 25,920 years. Egyptian monuments show that they have worshiped this for at least 10,000 year.

The astrology became such an obsession to the Egyptian that they literally made images of Heaven on Earth and considered them as inter-related. The three Great Pyramid of Giza were constructed to mirror the three stars in the constellation Orion's belt. They were built about 2550 BC, as a preparation to the Sun entering the new Age Aries (ram). The city Heliopolis 'Sun city' was sited close to today's Cairo by the Nile. Thereby the Orion's belt, Sirius and the Sun was cited in relation to the Milky Way (the Nile). Heliopolis, that was the chief cult center of Ra (the Sun god), was seen as the first being and the originator of the Ennead, consisting gods like Shu and Tefnut, Geb and Nut, Osiris, Set, Isis and Nephthys.

"The Osiris myth is the most elaborate and influential story in ancient Egyptian mythology. It concerns the murder of the god Osiris, a primeval king of Egypt, and its consequences. Osiris's murderer, his brother Set,

takes his throne. Meanwhile, Osiris's wife Isis restores her husband's body, allowing him to later conceive a son with her. The remainder of the story focuses on Horus, the product of the union of Isis and Osiris, who is at first a vulnerable child protected by his mother. Their violent conflicts end with Horus's triumph, which restores order to Egypt after Set's unrighteous reign and finally Osiris' resurrection. The myth, with its complex symbolism, is essential to the Egyptian conceptions of kingship and succession, conflict between order and disorder and death and the afterlife." (Ref Wikipedia) However, Abraham and Moses irreversibly disrupted the Osiris Rituals when Persia tried to conquer Egypt with Games of KoC and GoT. It went completely out of anyone's control, when entering the Age of the Phishes in year zero. It became a CdE rivalry between Egypt, Persia and Roma that escalated instead of settling.

Isis is the main winner in the Ritual script, - if the resurrect of Osiris fails. The Isis deity survived as the origin of Christian Mary the virgin and 'Madonna and Child'. As mentioned in UU 2015.mars.27: "Isis is the main goddess from the polytheistic pantheon of Egypt. She was first worshiped in ancient Egyptian religion and later throughout the Roman Empire and the greater Greco-Roman world. Isis is still widely worshiped by many pagans in diverse religious contexts." "Isis was worshipped as the ideal mother and wife as well as the patroness of nature and magic. She was the friend of slaves, sinners, artisans and the downtrodden, but she also listened to the prayers of the wealthy, maidens, aristocrats and rulers. Isis is often depicted as the mother of Horus, the falcon-headed deity associated with kings and kingship. Theologically, Isis was the first daughter of Geb, god of the Earth, and Nut, goddess of the Sky. She married her brother, Osiris, and she conceived Horus with him. Isis was instrumental in the resurrection of Osiris when he was murdered by Set. This myth became important during the Greco-Roman period (of Roma1)." The Isis cults are thereby closely related to occult mythology, astrology and the Enneagram. "Additionally, the popular topic of Isis suckling her son Horus lived on in a Christianized context as the popular image of Mary suckling her infant son Jesus from the fifth century onward."

"Set and Horus were often contrasted in art to represent opposite principles, such as good and evil, intellect and instinct, the calm and the sensible, the 'silent one' and the impulsive, and so on. One description of these two characters calls them the Horus-type and the Set-type. Yet the two gods were often treated as part of a harmonious whole and some cults worshipped them together. Both Isis and Nephthys were seen as protectors of the dead in the afterlife, because of their protection and restoration of Osiris's body. Isis, as Horus's mother, was also the mother of every king according to royal ideology, and kings were said to have nursed at her breast as a symbol of their divine legitimacy." (Ref Wikipedia) The Osiris myth started in Egypt about 3000 BC and the story and symbols are still preserved as drawing on the walls of Luxor.

A brief summary of the Bible versions: "The New Testament is an add-on to the Old Testament, - the Hebrew Bible. The Greek New Testament discusses the teachings and person of Jesus and the first Christianity. Christians regard both the Old and New Testaments together as sacred scripture. N.T consists of 27 books, where the original texts were written in the 2 first centuries, generally in 'Alexandrian' and Byzantine Greek (330BC-600AD). N.T. consists of as letters from the Apostle Paul (early 2nd century) and the Canonical Gospels of Matthew, Mark, Luke, and John (late 2nd century as the Four Gospels). Over time, some disputed books, such as the Book of Revelation and the Minor Catholic (General) Epistles were absent. Other works earlier held to be Scripture were excluded from the New Testament, such as 1 Clement, the Shepherd of Hermas, and the Diatessaron. The Old Testament canon is not completely uniform among all major Christian groups like the Roman Catholics, Protestants, the Greek Orthodox Church, the Slavic Orthodox Churches, and the Armenian Orthodox Church." (Ref Wikipedia) The N.T. does barely consist of any original writing and none of Jesus at all. A main reason is the religious and ethnic genocides dedicated the Roman Jew Paulus. It might be the source to the Judas myth in N.T. As mentioned in UU 2015.mars.27, the main objective of Roma2 was to produce a theocratic compromise after the fall of Roma1, - not to tell the historical truth. "Meanwhile, the theocracy of Roma2 developed a compromise

consisting the Trinity of God, humans and spirit, in addition to herds of angels, symbolized with zodiac astrology, Egyptian Isis cults, and Etruscan pontifexes. Yet, Jinns were mostly excluded as evil demons. It all boiled down to a theological stew that anyone should accept." However, pre-Islamic Jinn worshipers were probably not pleased.

The Old Testament tells about Persian attempt to CdE (Coup de 'Etat) like KoC (King of the Castle) Games in new GoT (Games of Temples) concepts. It might be called CdT (Coup de Temple). Some background for Persia/Egyptian rivalries are from UU 2015.feb.13: "The prophet Abraham is an archetypical patriarch of the 3 monotheisms; Judaism, Christianity and Islamism. In brief, Abraham was sent from Persia (Mesopotamia) to rule some newly conquered land from Egypt about 2000 BC. There was a royal reception in Egypt where Abraham brought Sarah. It is unclear what their goal was and what really happened, except that Sarah became sterile instead of pregnant. Back home, Abraham got his firstborn son Ishmael with the Egyptian 'slave' Hagar. Sarah expelled them and they might have returned to Egypt and formed a Persian-Egyptian family branch. However, the person Moses and the events are disputed when compared to other writings at that time." "Moses is the main prophet of the Old Testament and important to the Torah, New Testament and the Quran. It is however not certain that Moses was a single person, when he lived between 1300-1600 BC or that he even existed. Nevertheless, the books tell that Moses was adopted into the Egyptian royal family and raised by Egyptian royalists. He was the sole survivor after all newborn Hebrew boys were killed to avoid prophesies of uprisings. However, Moses' tribe served as slaves for 300 years and were quite discontent about their faith. Prophesized or not, there were uprisings that included plagues, poisoning and child slaughter, including the Pharaoh's son (the 10 plagues of Egypt). UU 2015.feb.13.

Persia did finally conquer Egypt with the 'holy cats' tactic in battle in 500 BC (UU 2015.feb.13). However, 200 years later, Alexander 'the Great' of Greece conquered both Persia and Egypt by simply beheading the Persian king. The Greek Ptolemaic dynasty was considered the Savior of Egypt and a royal divinity. Greeks modified the Egyptian astrology to the Enneagram for KoC and GoT Games.

The relation between the Christian Jesus and Egyptian Horus are described very well in the online video 'Religion Comes From Ancient Astrology and Sun Worship' (see video link below): Horus was born on 25/12 by a virgin, there was a star in the east next to 3 kings. Horus was a teacher at age 12, 'baptized' at 30, had 12 disciples, performed miracles, named 'lamb of god', 'the light', was crucified, dead for 3 days and resurrected. Jesus is one of many variations of the myths. Jesus was born of a virgin on 25/12. Astrologically Sirius is the brightest star and east of 'Orion's belt' which symbolizes the three kings. 25/12 is the 'birth of 'god's sun' at winter solstice. 'Mary the virgin' is the constellation Virgo and she is symbolized with a wheat in 'House of Bread' at harvest. Bethlehem translated means 'House of Bread'. Furthermore, the Sun turns ('dies') on 22-24/12 under the southern Crux (cross) constellation. On the 25th the Sun turns and resurrects. Symbolized, the Sun is dead for 3 days, born again and resurrected. However, resurrections are ritually celebrated 3 month later, on 'spring equinox' 'Easter', when the Sun overpowers the darkness - the day becomes longer than the nights.

Furthermore from the video: "Some symbolic references to the zodiac Age Phishes is that Jesus fed the people with 5 loaves of bread and 2 fishes. Fishermen followed him to catch more 'fishes'. He refers to a man with a picture of water (Age Aquarius), when asked who to follow when he was gone. Moreover, the O.T. myths of Moses are directly taken from Egyptian mythology where Sargon sailed on the river and was adopted to the royal family. The 'Book of Dead' tells about the Egyptian lawgiver Misis. All in all, - the Bible adopted most Egyptian myths about; final judgment, virgin impregnation (by the god Neth), virgin birth, resurrection, crucifixion, ark of covenant, circumcision, the 'Savior', holy communion, the Great Flood, Easter, Christmas and the Passover. However, there is a widespread and grave falsely translation of 'the end of the Age' to 'end of the world'." This fatal mistranslation is used in apocalyptic self-destructive text like 'The Book of Revelation' (The Apocalypse) by John the Evangelist. Nevertheless, to Muslims, Jesus is a

bringer of scripture and was born of a virgin, but neither the Son of God nor the victim of crucifixion. However, Muslims believe Jesus was physically raised into the Heavens by God. Judaism rejects the Christian and Islamic belief that Jesus was the awaited Messiah, arguing that he did not fulfill all the Messianic prophecies in the Tanakh.

Cleopatra of the Greek/Macedonian Ptolemaic dynasty, was the queen of Egypt when a new Age was about to start. She was obsessed by strengthen the powers by revitalize the Egyptian/Greek alliances. For her, the only way was to play out the Osiris Game and have an heir with Roma's self-proclaimed emperor Julius Caesar. On the other hand, to this round of a new Age, there were hard opponents in Persia, Egypt, Greece and Roma. Who did what and not, will forever be uncertain, but some main events are essential.

“Caesarion, ‘little Caesar’ or Ptolemy Caesar, was the last king of the Ptolemaic dynasty of Egypt, who reigned jointly with his mother Cleopatra VII of Egypt from 44 to 30 BC as the sole pharaoh. Cleopatra insisted that he was the son of Julius Caesar, but Caesar did not officially acknowledge him. However, Julius may have allowed the use his name. Cleopatra hoped that her son would eventually succeed his father as the head of the Roman Republic as well as Egypt. Cleopatra and Caesarion were Caesar's guests in Rome for two years, but had to escape to Egypt when Julius was ritually executed. Caesarion was named co-ruler by his mother at the age of three, with Cleopatra keeping all actual authority to herself. Cleopatra compared her relationship to her son with Isis and Horus.” (Ref Wikipedia.)

“Marcus Antonius became Cleopra's husband after Julius' execution. He continued to grant various eastern lands and titles to Caesarion and to his own three children with Cleopatra. Caesarion was proclaimed a god, son of god and "King of Kings" in 34 BC. This grandiose title was ‘unprecedented in the Roman relationships’ and could be seen as threatening the 'greatness' of the Roma. Antony declared Caesarion to be Caesar's true son and heir. It was most threatening to Octavian/Augustus who's power was based on his status as Julius Caesar's grandnephew and adopted son. Caesarion disappeared in 34 BC, but reappeared 30 BC when Augustus invaded Egypt and searched for him. Augustus captured the city of Alexandria and officially annexed Egypt to the Roman Republic. It is unclear why and how Antony and Cleopatra died, but Augustus was the sole winner of it all. The causes of the children deaths is also unclear due to missing documentations. A likely explanation is that Caesarion's guardians were lured by false promises of mercy into returning Caesarion to Alexandria to take the kingdom. (Ref Wikipedia.)

Some more interesting info is found in an article called ‘Caesarion: The Greatest Story Never Told’: “The ‘Caesar's Comet’ was known to ancient writers as the Sidus Iulium (“Julian Star”) or Caesaris astrum (“Star of Caesar”). The bright, daylight-visible comet appeared during the festival Ludi Victoriae Caesaris on 44 BC, four months after the assassination of Julius Caesar. (Julius was titled god after his death.) The comet was then believed to be the soul of Caesar.” (Note that comets' return is predictable for skilled astronomers.) “There are Indisputable similarities between the Egyptian theology about Osiris, Isis and Horus and the epic story about Julius Caesar, Cleopatra and Caesarion. Just like the evil Seth cut up Osiris' body into fourteen pieces, Caesar was killed by multiple stab wounds. Cleopatra fled Rome and served as the protector of her son Caesarion much like Isis served a healer of the sickly Horus.” The N.T. says that “the devil showed him all the kingdoms of the world and said, “I will give you all their authority and splendor, for it has been given to me, and I can give it to anyone I want to. So, if you worship me, it will all be yours.” Such a temptation made sense being put forth to ex-Emperor Caesarion, but not for a poor ex-carpenter.” (If so, ‘the devil’ was probably Augustus that made a final offer to Caesarion for settlement.) “Similar to Isis, Cleopatra was said to possess great curative powers and healing wisdom learned within the Egyptian Mystery Schools. Horus was such a sickly child that it was only through his mother's restorative powers that he, not only survived, but thrived throughout his reign as god of the king and sky throughout ancient Egypt. Cleopatra probably schooled Caesarion in the same healing practices and disciplines.” “Caesarion had a younger twin brother and sister Alexander Helios (Sun) and Cleopatra Selene (Moon). Alexander was also known as

Didymus or Thomas (which means 'the twin')." The twins' names 'Sun' and 'Moon' was certainly given suite the prophesy.

Some previous personal comments are translated from UU 2013.des.27. "It might seem that the republican State Roma1 wanted to get rid of any (foreign) theocracy as a consequence of Julius Caesar's flirt with Egyptian religion. In fact, Julius was a revolutionary warlord that seized emperor power by invading Roma and do a coup d'état. He got a son Caesarion (Horus) with the Egyptian/Greek queen Cleopatra (Isis), that would be the sole heir of a united Roman/Egyptian empire. Consequently, the republican senate would be submissive to Egyptian theocracy (and a superior theocratic power against the pre-Islamic Persia). The new 2150 years New Age of Phishes would start with a united regime with Julius as a divine supremacy, - he thought. However, it is quite unlikely that he knew the whole Osiris myth, - the part where he is destined to be chopped up in 14 pieces by Seth and replaced by his son Horus. (However, Augustus probably did, since he was educated in theology..) Cleopatra tried the same with Antonius, when the Game failed with Julius. Emperor Augustus, the adopted son of Julius, was most likely responsible for the execution of the Cleopatra's family and secured his own position as an autocratic dominance of both Roma and Egypt. The Osiris cult was terminated by Roma2 about year 600 AD, right after the fall of Roma1 and the new Christian Roma2. Nevertheless, - Christianity is basically Osiris theology in the Age of the Phishes."

Some more comments seem to be valid. The biblical expression 'the whore of Babylon', seems to be dedicated Cleopatra by some republicans, Persians, Egyptians and Jews. It might have been Julius' Antonius' and Cleopatra's plan all along to invade Roma in a CdE Game. The execution of Julius in the Roman senate was a necessary part to fulfill the Osiris Ritual. However, who would gain the most besides Cleopatra? Marcus Antonius, - Cleopatra's lover and co-ruler to be. Nevertheless, since such a new Age Osiris Ritual, a Coup d' Throne, means a new royal family, - it also means mass genocide of all the previous related families and servants. This is evident in both G.T. and N.T. where mass-assassination of first-borns was executed in the Moses tribe, the pharaoh's empire, the Jews after the birth of Jesus, - and the Cleopatrian family tree. Finally, today's papacy conquered the most by merging Etruscan and Egyptian theocracies into today's Catholicism. The Pope was originally called Pontifex Maximus.

Neither State, Throne nor Temple could accept this new 'son of god' and 'king of kings'. They would risk losing all to powers to something very uncertain. However, none could punish him, because no wrong was done. Even so, the execution was fulfilled by the State, with the other's silent acceptance. Anyways, Good Friday is and will be the theocratic absolute climax. Related to this Osiris Game, there are several other psychosocial Games at play simultaneously, like IFWY (If It Weren't For You), WAHM (Why does this Always Happen to Me?), SWYMD (See What You Made Me Do), UGMIT (You Got Me Into This), LHIT (Look How Hard I've Tried), ITHY (I'm Only Trying to Help You), RAPO og LYAHF (Let's You and Him Fight). The short version is that it started with the Game Schlemiel (provocation) and ends with NIGYYSOB (Now I've Got You, You Son Of a Bitch). (UU 2012.april.05 and UU 2013.mars.29) Some other newly defined Games are ODAB (One's Death Another's Bread), DAC&UAC (Devide&Conquer & Unite&Conquer), TLM (Two Little Maids), ISR (It Started with the Retribution), ABD (Attack is the Best form of Defense), BGGG (Bad Guy, Good Guy), RPPP (Robbing Pete to Pay Paul), ODAB (One's Death – Another's Bread) and BYOOWFY (Beat your Own and Others will Fear You). (2015.mars.06)

Nevertheless, this never-ending Game of Osiris is basically not part of the 3^3 social psychological state Belief, but rather of Drive and Will. As mentioned in UU 2015.mars.13, the new 3^3 social sub-categories for the ego-state Belief are: UNO (Universal Natural Order) a UB (UnderConscience Belief) sub-category of Drive that relates to S-I (Superior-ID). WoW (Well of Wisdom) a CB (Conscience Belief) subcategory and related to CW (Conscience Will). SET (Supreme Extra Terrestrial) an OB (OverConscience Belief) sub-category of Belief that relates to S-D (Superior-Devine). However, even though the original intentions in Egypt was of true Belief in UNO and SET, the rivalries with pre-Islamic Persia turned out GoT (Games of Temple) and to

CdC (Coup d' Castle), CdS (Coup d' State) and CdT (Coup d' Temple). True Belief was not the motive for neither Julius, Cleopatra, Antonius nor Augustus, - but rather a Game of BTO (Breed Them Out). The never-ending rematches have become retributive Oedipus and Electra obsessions. Some hints to present Osiris Games are about Seth related Games of Napoleon (UU 2014.mai.16) and Hitler/Stalin (UU 2014.dec.05). There seems also to have developed a Game that can be called 'Get Seth' that is related to the Game 'Genocide', which is rather an excuse to kill them all while hunting a single person.

'Witch hunts' seem to be a spin-off Game of Osiris, and especially cults of Cleopatra. It is a test to prove the possession of healing power as claimed by Isis or Horus. It is a Damned-if-I-Do-Damned-if-I-Don't (Did-Dnt) Game. The victim is exposed for lethal danger like poisoning, crucifixion, drowning, burning etc. If the victim cannot heal oneself - it dies. If it can heal oneself, it is executed for witchcraft. That is probably what happened to the Cleopatra's, Julius's, and Romanov's families. However, a most fatal misinterpretation of the coming New Age happened in the Winter Palace after the 1908 Tunguska event. The following Osiris Games ended the tsar family's reign after 300 years. It started about 250 years too early. See UU 2014.mai.30 called 'Messiah Ward' / 'Tsarina Dagmar's last meeting with Agent Rasputin'.

Jesus Christ Superstar is the very first album I had, - and must have heard it 100 times – at least. The text is written by Tim Rise, as well as the lyrics to the ABBA musical Chess. The N.T. text of John 19:41 is: "Now in the place where he was crucified there was a garden, and in the garden a new tomb in which no one had yet been laid." That is a vital part of the Osiris Games, - finally RIP.

In this JCS scene, there is a trial of Jesus before Pilates, after being handed over by the theocrats. In relation to Osiris Games, it might be seen as a trial of Caesarion before Augustus. The in JCS text is written by Tim Rise, that also wrote the lyrics to the ABBA musical Chess.

Monty Python's Life of Brian is a 1979 British comedy film starring and written by the comedy group Monty Python. It tells the story of Brian Cohen, a young man who is born on the same day as, and next door to, Jesus Christ and is subsequently mistaken for the Messiah. The film contains themes of religious satire that were controversial at the time of its release, drawing accusations of blasphemy and protests from some religious groups. Some countries, including Ireland and Norway, banned its showing, with a few of these bans lasting decades. The filmmakers used such notoriety to benefit their marketing campaign, with posters in Sweden reading 'So funny, it was banned in Norway!' The film received a 96% 'Fresh' rating on Rotten Tomatoes with the consensus 'One of the more cutting-edge films of the 1970s, this religious farce from the classic comedy troupe is as poignant as it is funny and satirical', and it was named "greatest comedy film of all time" by several magazines and television networks.

Dolly de Luxe – consisted of 2 promising talents with a self-ironic name. They made the rock-opera called 'Which Witch' and finally managed to pass Andrew Lloyd Webber's talent-show and was performed in London – for a very short while. The girls went bankrupt after that.
